- EAN model GSJ-400R: 5904730198295
- EAN model GSJ-400W: 5904730198165
- EAN separate item GSJ-A400: 5904730198516

This popular small-size juicer is easy to wash and store. Available in four attractive colours, it will find its place in every kitchen. The DC motor, fitted with full bearings, has power output sufficient to extract the whole aroma from vegetables, fruits and herbs, preserving all nutrient values. The reverse run and the plug in the outflow facilitate rinsing. The offers includes a paste-type strainer, available as an accessory item (code GSJ-A400).
